Report Highlights:

The Vietnam Food Association's Minimum Export Prices for Vietnamese rice exports are \$450 per ton for 5-percent broken rice and \$425 per ton for 25-percent broken rice, effective from April 9, 2012.

Export rice prices were slightly up for high quality rice (5 percent and 10 percent broken) due to buyers recently booking these kinds of rice as commercial contracts for the African market.

Local paddy rice prices went up slightly due to the good news of high demand from the export market.
